

Selection, Presentation and Publication of Papers

The Symposium will have both stand-up and poster presentations of contributed papers. In addition, prominent scientists will deliver several keynote lectures.

All contributed papers will be evaluated and accepted for publication in the proceedings on the basis of the full paper (8 to 16 pages). High quality papers will be selected for publication in the journal: Heat Transfer Engineering. Please use the Paper Template for preparing full papers.

Please send;
the one page abstracts before December 15, 2013,
the full papers before January 31, 2014,
the abstracts for recent work posters before April 1, 2014,

via email to Professor Mourad Rebay. Prof. Mourad Rebay University of Reims Champagne-Ardenne,

Authors may also present their most recent work, or work in progress, as a poster without having to write a full paper, but they should give a one-page abstract. Please use the Abstract Template for one-page abstracts.

All keynote lectures and full papers will be published by Begell House Inc. in a Proceedings volume. The proceedings will be available in the form of a CD-ROM.

A bound book of the abstracts of keynote lectures, full papers and most recent works will be prepared for participants at the meeting.

A set of keynotes and contributed papers will be selected for post conference publication in reputable journals.
